TIME LIMITED OFFERS (TLO's)

PTC/USER offers Partners and Sponsors several direct channels for improving traffic to your exhibition booth. We encourage our strategic sponsors and partners to provide discounts on respective 'solutions and services' and make those discounts available exclusively for a limited time before and during the "PTC/USER World Event 2009".

For the 2009 event, PTC/USER will be advertising your unique opportunity in two locations.

- The PTC/USER attendee Conference Web Site at <http://www.ptcuser.org/2009> and
- On site at the attendee registration desk

Please notify Kevin K. Johnson (kevin@ptcuser.org) of your Time Limited Offer and send a high resolution digital image of the TLO as soon as possible and no later than May 1, 2009.

To qualify for this new opportunity, you must first be registered as a PTC/USER Global Partner for 2009 by accessing our event Partner site <http://www.ptcuser.org/2009/tradeshow.html>. Once registered, our entire global database will be notified of your TLO available only at the "PTC/USER World Event 2009". Our direct communication with our global members enables us to drive this direct "tradeshow" aspect of our exhibition. This results in expanding the value of the event to our exhibitors while at the same time extending the value of attending the event to our attendees.

We encourage you to strongly consider this opportunity to enhance the value of your tradeshow experience by participating in Time Limited Offers at the PTC/USER World Event 2009.

Please access the Time Limited Offer template at <http://www.ptcuser.org/2009/tradeshow.html> to complete and forward your raffle item(s).

SAMPLE TIME LIMITED OFFERS

(From PTC/USER World Event 2007)

IBM (Booth 201)

www.ibm.com

IBM System p Rebate offering for PTC Windchill application

PTC Windchill customers are eligible for a rebate when they acquire a solution that consists of:

- One or more eligible new IBM System p5 (TM) server minimum configurations(s), and
- New PTC Windchill software application

The amount of the rebate will be equal to the total invoice price of the eligible new ISV software license(s) acquired up to a maximum rebate that is dependent upon the eligible new IBM System p5 server minimum configuration(s) acquired.

For additional details on the rebate including availability, eligibility and restrictions please visit one of the following web sites:

- In the United States
<http://www.ibm.com/products/us>

Enter SPECOFFSP in the NavCode(R) window.

- In Canada
